

“The ideal start to my career –
Deutsche Bahn Group.”

Do you want to gain international work experience at one of the leading passenger and logistics companies? Would you like to improve your German skills? Then apply for our

International Internship Program at Deutsche Bahn AG in Germany (f/m)

Deutsche Bahn AG is one of the world's leading passenger and logistics companies. 296,000 employees are committed to ensuring that customers are provided with mobility and logistical services. Every day, more than five million customers make use of our passenger transport segment, and a million tons of freight are shipped.

Challenges facing us in the future are to ensure ongoing further development of modern and internationally marketable solutions which are geared precisely to the requirements of the individual customer. To cope with these challenges, the DB Group requires motivated employees who are willing to tackle these highly diverse tasks and make the company fit to satisfy the mobility requirements of the future.

The Program

During your internship at Deutsche Bahn AG you will work full-time at one of our attractive locations in Germany. At DB you will have the opportunity to apply your theoretical knowledge and learn on the job. You will be involved in our daily business right from the start and take on responsibility projects of your team. You will be supervised by a colleague of your team during your internship. Plus you have the chance to practice and improve your German skills in everyday work. You also have the chance to participate in a language buddy program and intern events. Our internships are paid.

Diverse internship opportunities await you in the following sectors: Quality Management, Operations, Technical Purchasing, Maintenance, Facility Management, Process Optimization, Vehicle Preparation, Product Line Responsibility, Timetabling, Finance/Controlling, Marketing, CRM, Sales, IT, Logistics, Legal Affairs, Business Development, Inhouse Consulting, Corporate Strategy, and Human Resources.

Your Profile

- You are studying Electrical Engineering, Civil Engineering, Transport Engineering, Mechanical Engineering, Economics/Business Administration, Informatics, Mathematics, Logistics, Law, Psychology etc.
- First practical experiences
- Intermediate knowledge of German (company language), intermediate knowledge of English preferable
- Good communication skills
- Intercultural competence
- Mobility and flexibility
- Good knowledge of MS-Office tools

Application

Your application should be in English or German. It includes a cover letter, your CV, your transcript of records and information about your German skills.

Applicants send an application stating their general area of interest e.g. construction planning, transport and logistics, strategy, marketing, communications, finance, etc. Throughout the application process the application management screens the applications according to the above stated requirements and matches them with departments and current projects. This way the best match is possible even though the student might not apply to a special internship position.

Applications are welcome anytime throughout the year and should be submitted 3-6 months before the planned start of the internship.

Our recruiting team will answer your questions concerning our internship program. You can contact them Monday to Friday:
